For your Consideration: Jr Sailing Symposium

Over the past month, I have been approached by half-a-dozen different club regarding how to hire to program director, how they get training for their staff, and the balance surrounding member's children as instructors. To help sort all of these issues and others surrounding sailing programs, SM Sailing will be hosting a **JUNIOR SAILING SYMPOSIUM at the Beverly YC on Saturday October 22, 2016 (9:30 - 12:30).**

We won't answer all the questions in that time, but we will get to most of them and hopefully give those who attend a pathway to get more information.

Who should attend: Junior sailing committee members

What should you attendees expect: To reveal what they do in exchange for knowing what others do.. As one person described it, "all cards on the table."

If you would like to attend, please [register here](#)
